

# Make money with Google™ ADSENSE

This is not going to be a glossy ebook full off bullshit and copied shit from all over the web, this is going to be straight to the point wording and exact method I have used.

This method has worked and still working from April 2011- September 2011 for one of my accounts.

## STEP ONE : ADSENSE ACCOUNT

Ill break this ebook down in steps.

You will need an approved adsense account if you don't have one the best way to get one is to use the following method. I have used this method 10 times with 100% success rate.

Another method is below. (Have not personally used this)

## STEP TWO : WEBSITE

Unless you already have a high paying keyword based website which you don't mind editing I would not bother using it. The sites/site you need to create should be in the following niches.

Make Money With Google Adsense

- 1: Credit Cards.
- 2: Loans.
- 3: Car Insurance / Home Insurance.
- 4: Student Loans.
- 5: Debt.
- 6: Debt Consolidation.
- 7: Mesothelioma.
- 8: Student Debt

### STEP THREE: TRAFFIC

Now if you are able to get traffic other than the sites I mention then you can use this traffic as long as its not ADULT traffic.

Sign up to <http://www.etology.com/> as an advertiser this is where you will get your traffic from. To Send to your real page.

**Make sure you do not buy adult traffic.**

And

<http://www.ayuads.com/> this site is actually used for adsense

with <http://www.ayuads.com/> if you spend \$10 you should get about 1-2k hits. You are able to control the flow of traffic, and select which countries. The countries you need worry about are the following

UK/CA/USA/AU you can try other countries but they will be less cpc

My control rate is as follows. You can do smaller.

300 Per Hour Then Stop. You can spread this over the day/days.

Feel free to increase these only after 3-4 months.

Setup your site like the following picture below shows.

Make Money With Google Adsense

1.) Keep your CTR (click rate %) between 3-5% by using view, unique and focused type visitor.

2.) If you use GEO, make sure to mix with a NON-GEO campaign to make country flow natural.

3.) Build proper backlinks to your website/business by posting links to your site on many forums/blogs /message boards.

4.) Do not use framed hits or system to boost your site earnings or lower your CTR.

5.) Users report using "blog/product intro websites" with ads are safer than domain parking.

## STEP FOUR : WEBSITE MODIFICATIONS (A MUST)

Now this is the part which will surprise most. when you have your Ads approved on the two websites mentioned above you will now have to delete what ever content you have on your main Index page and make it look like the following below.

So in other words you need two 728x90 Leader Board Ad Units.

That's right all you want on your page is two ads nothing else.

You can ad more if you want just don't go above googles recommended amount.

Once you have changed your website go back to your campaigns and start them, remember do not let them run longer than 1 hour at a time.

Once you have sent all the traffic within the hour change your page back to the original content.

When you are ready to start traffic again change the page back to Two adsense Units.

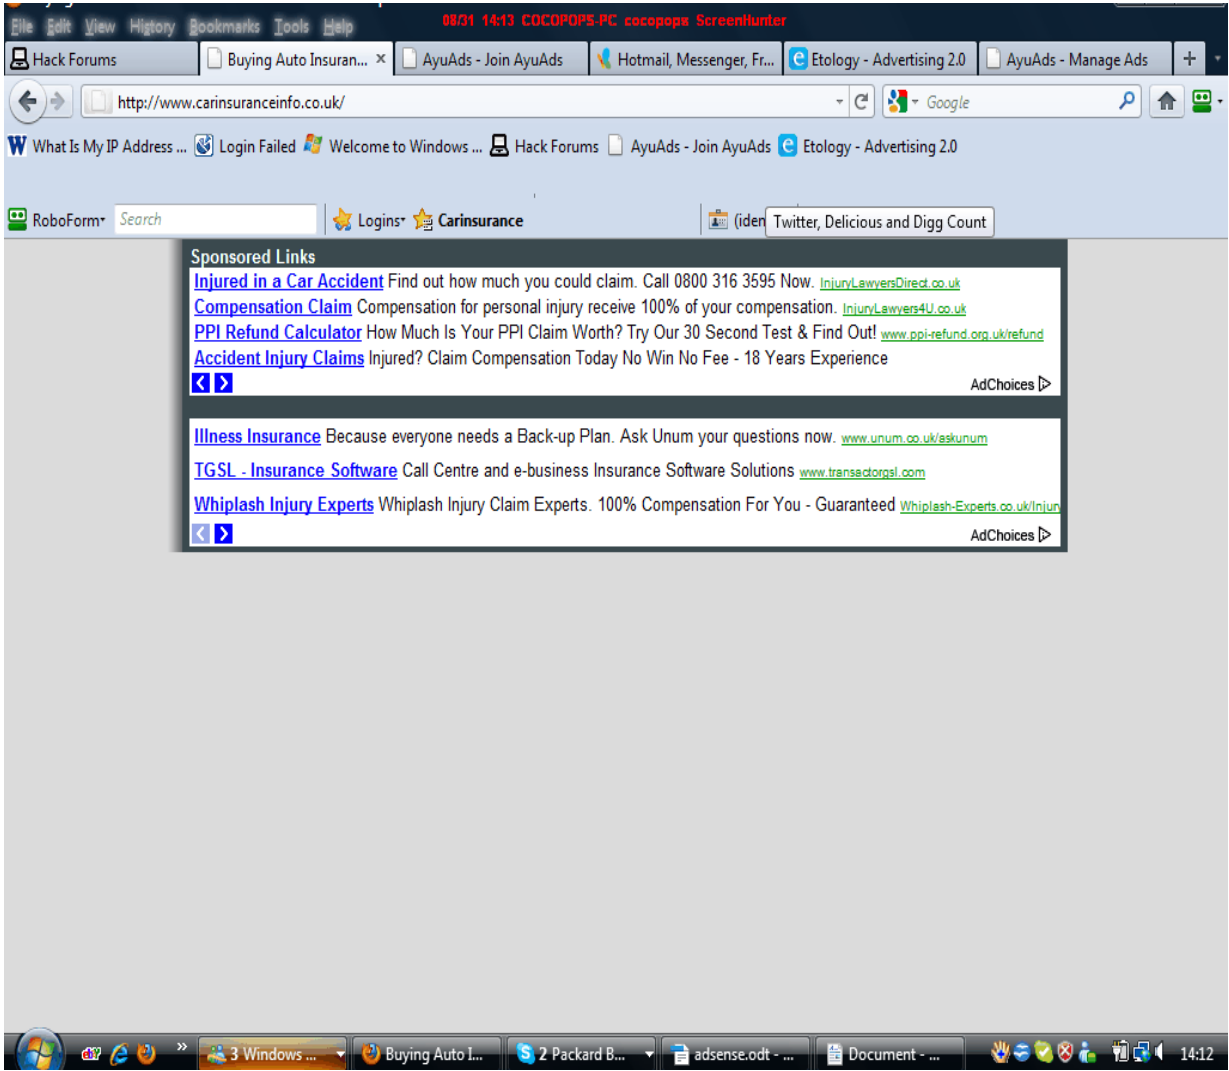

Chop and change when you send the traffic.

Example different hours through out the day. In August there are days when I didn't send in no clicks what so ever.

But do not leave it for more than one hour at a time.

THIS IS HOW YOUR SITE SHOULD LOOK

**CHEEKY I KNOW BUT IT WORKS**

The traffic from etology is going to be the traffic you continue to send to your real page once the content is back. I have also listed some BHW threads where you can buy additional traffic. I personally recommend the two sites below.

Once again if you are able to get your own website traffic you can use this too.

Make Money With Google Adsense

TIP : Never stop the real traffic to your site make sure it is consistent.

RECOMMENDED TRAFFIC SOURCES

(This traffic source is to send to your website daily)

STEP 5 : DO'S AND DONT'S

1: Never leave your page like that for more than 1 hour at a time. Once traffic is finish for that hour stop the campaign and change back your site.

2: The traffic you buy from BHW members let that run through the month get those providers to send you at least 500 Hits Per day Nothing more nothing less.

Thanks for taking your time to read my ebook any problems you know where to find me on BHW
