

HTC DESIRE HD TUTORIAL (FAST SETTING)

<<Vibration OFF>>

1. Off vibration for alarm - Clock > Alarms > new alarm > press menu > setting > uncheck vibrate (hidden behind the done & cancel buttons)
2. Off keypad vibration - Settings / Language & Keyboard / Touch Input / Text Input and Vibrate when typing shouldn't be checked.
3. Turn off ringtone and turn on vibrate on - press the VOLUME DOWN button on the handset until it vibrates.
4. Turn off the virtual keys screen vibration - Press MENU on the home screen > Settings > Sound > uncheck Haptic feedback.

Increase Battery Life

1. Disable Background Data syncing : Settings > Accounts & sync > Untick Background data
 2. Disable Auto-sync : Settings > Accounts & sync > Untick Auto-sync
 3. Turn Vibrate Notification off: Settings > Sound & display > Untick Phone Vibrate
 4. Turn Off Haptic feedback: Settings > Sound & display > Untick Haptic feedback : Vibrate when pressing soft keys and on certain UI interactions.
 5. Reduce Screen Brightness: Settings > Sound & display > Brightness > Untick Automatic brightness > Reduce Brightness by sliding to left
 6. Reduce Screen Timeout Interval: Settings > Sound & display > Screen timeout (default 1 min) > Reduce to less than 1 min (15 seconds minimum)
 7. Disable WiFi : Settings > Wireless & networks > Untick Wi-Fi
 8. Disable Bluetooth: Settings > Wireless & networks > Untick Bluetooth
 9. Disable Unnecessary Running services: Settings > Applications > Running Services > Select and Stop any apps that you are not using
 10. Customise Data Options of Individual Apps : normally in Setting options of each app.
- Change intervals / frequency of data pulls or disable background syncing altogether. Pay attention to Twitter clients, RSS apps and mail especially.

Tips for new battery

- 1) Turn your device ON and Charge the device for 8 hours or more
- 2) Unplug the device and Turn the phone OFF and charge for 1 hour
- 3) Unplug the device Turn ON wait 2 minutes and Turn OFF and charge for another hour.

Your battery life should almost double, we have tested this on our devices and other agents have seen a major difference as well
